Girl's death called 'purely accidental'

Madison County authorities say an incident in which a Madison oman hit and killed her 23-month-old niece while backing out of a tvieway was 'purely accidental' and that no charges are being

considered.

Katherine Hartman, 32, of Skeen Avenue in Madison struck and killed her niece, Crystal Howland, at about 3:15 p.m. Tuesday while leaving her residence.

Madison County Sheriff Bob Churchich said Hartman was taking

Order Death of the concluded that 38-year-old Mary Beth Wheatley of Bethalto shot herself in the head after she found out she was the primary suspect in an investigation into \$15,000 missing from the bank.

Collinsville Police had questioned Wheatley July 25 about money reportedly stolen from the bank's 102 W. Main Street location in Collinsville between Dec. 1 and July 18, 1952.

Her body was discovered at about 9:50 a.m. July 27 near East Gulf Road in Aon.

Order Detective William Taul said he believes Wheatley feared she would be convicted of stealing the money and so took her own life. No suicide note was found.

Wheatley's body was found about 20 feet from the car. She was clutching a 38-caliber handown which belonged to her father, testimony at the inquest revealed.

It's time for phase 4 of Frank's Lawn Care Program

to keep your lawn healthy

NURSERY & CRAFTS

Where Beautiful Things Begin ooking for something to do on the Labor Day weekend? We have a good suggestion. And it won't take that much you own a golf course. It's time for your weekend unless you own a golf course. It's time for your lawn's final feeding. E.M.L. is back again! No, that's not our resident lawn expert, E.M.I.L stands for Easter, Memorial Day independent of the country of the

This phase of Frank's 4-season lawn care program is like the other steps; if can be applied any time now. You don't have to wait until Labor Day. And, of course that means you'll have the entire weekend to enjoy.

While the rest of us may desire ribs, hamburgers or some other luscious morsel from the grill, your lawn craves Frank's Fall Lawn Food or Frank's Weed & Feed.

or Frank's Weed & Feed.

Frank's Fall Lawn Food (243-12) is high in mitrogen,
which means it promotes
healthy, green growth. It's
also high in potassium, which
helps strengthen the lawn,
increases insect and disease
resistance in gives your lawn
the cold winter temperatures
that are closer than most of
us would like 'em to be. If
your yard is relatively weeffree, now's the time for Fall
Lawn Food.

If you see a few weeds around the yard, chances are good they're dandelions. And these will bloom into a glorious yellow next spring unless you do something about them now. That's right, now's the time to get rid of next year's crop of dandelions and many other broadleaf weeds.

All that may show is the leafy green foliage, but that tells you the plant has made home in the ground, and will surely make its presence known in spring.

An application of Frank's Weed and Feed now will take care of the dandelions. Fall Lawn Food can be applied at a later date. Right now, dandelions are storing upenergy for the winter, and they'll absorb the weed killer better too. This is why now's

Around Columbus Day, you an give the lawn a final eeding with Frank's Fall Lawn

Rood.

It's very important to follow package instructions regarding the amount of food to apply and the method of application. Too much fertilizer can kill the grass. Ever spill some and forget to clean it up? Yellow blotches are inevitable. And it's very easy to over-apply. This can occur when you open when spacking up, turning around or stopping.

If you're using a drop type spreader, overlap each pass by one wheel's width. Unlike mowing, it can be difficult to tell where you've bees when spreading fertilizer, so you'll have to pay a bit more attention.

For broadcast spreaders, watch the pattern when spreading but first path, then solightly all the first path, then slightly. Also, the wind comes into play when using broadcast spreaders, and the granules can end up in many places where they're not welcome.

Frank's hand-held spreaders are very easy to use, and they don't have as many moving parts. Naturally, you'll have to fill it more often, but many people wouldn't consider using anything else.

Remnember: Fall is the most important time of the year to fertilize your lawn. Feed it to get a beautiful green now as well as an earlier green-up next spring!

First-Time Home Buyer?

Are You In For Some Savings!

If you're a first-time home buyer (or if you haven't owned a home in the past three years), you can take advantage of the lowest fixed rate on a 30-year mortgage you'll find anywhere.

But you won't find this rate just anywhere. Scott Credit Union is one of only a few local lenders participating in this special mortgage program.*

So hurry! This opportunity is available for a limited time only. For more information, contact the SCU Member Service Center at (618) 345-1000.
